Credit Report

Credit reports are key to helping you confidently protect and manage your identity. You can rest assured - reviewing your report does not negatively impact your standing or score.

Financial institutions, employers and insurers use credit reports to gain insight into your financial profile. Because they provide a record of your present and past credit use, credit reports may determine whether or not you will be offered credit, and on what terms. Inaccurate or fraudulent account information on credit reports can result in denial of credit, higher loan and insurance rates and even rejection for employment. The Federal Trade Commission (FTC) has prepared A Summary of Your Rights Under the Fair Credit Reporting Act, you may also find additional information on their website www.FTC.gov/credit.

Understanding your credit score and the factors that impact it will prepare you to make the best possible decisions for your financial future. Want help reading your report? We've prepared a quick educational guide for you: How to Read, Use and Act on Your Credit Report. If you find inaccurate information on your report, you may contact one of our Credit Specialists to help dispute this information directly with the credit reporting agencies.

Equifax:

The score(s) on your IdentityIQ credit report (using the VantageScore® 3.0 model) are provided as a tool to help you understand how lenders may view the data contained in your credit reports and evaluate your credit risk. We provide these scores solely for educational purposes. IdentityIQ does not offer credit; delivery of these scores does not qualify you for any loan. The scoring model your lender uses may be different than the VantageScore® 3.0. As a result, the score and score factors we have delivered may show

differences when compared to the score and score factors produced by your lender's scoring model. Please also understand that lenders use multiple sources of information when underwriting a loan and making lending decisions. Credit scores are just one factor that may be used and each lender will have different criteria they consider.
IdentityIQ provides informational materials along with your credit report(s) and score(s) these materials are educational in nature and intended to broaden your understanding of how credit scoring works. They should not be construed as advice in handling your financial problems or making financial decisions. If you are having trouble keeping up with your bill payments or experiencing other financial difficulties, please contact a non-profit credit counseling service for assistance. These materials are for educational purposes only.
